

國立東華大學學分轉換原則說明
Guidelines to Credit Transfer
between NDHU and Foreign Higher Educational Institutions

依據本校學則及學生抵免學分辦法，學分轉換原則說明如下：

- 一、1 學分授課以 18 小時為原則。
- 二、若修習學校採歐洲學分互認系統(European Credit Transfer and Accumulation System · ECTS) · ECTS 學分以 1/2 計算，取整數(四捨五入)。
- 三、若修習學校採英國學分累計及轉換制度(Credit Accumulation Transfer Scheme · CATS) · CATS 的學分以 1/4 計算，取整數(四捨五入)。
- 四、美制、日制、陸制之學分可等同換算。

不同制度轉換原則對照如下表：

制度別	臺灣	歐洲(ECTS)	英國	美國	日本	中國大陸
學分數	1	2	4	1	1	1
	2	4	8	2	2	2
	3	6	12	3	3	3
	4	8	16	4	4	4

According to the NDHU' s academic regulations and Course Credit Transfer Regulations for Students, the principles for credit conversion are as follows:

1. 18 teaching hours shall be equal to 1 credit.
2. For schools using the European Credit Transfer and Accumulation System (ECTS): ECTS credits are calculated at 1/2 and rounded to the nearest whole number.
3. For schools using the Credit Accumulation and Transfer Scheme (CATS) in the UK: CATS credits are calculated at 1/4 and rounded to the nearest whole number.
4. Credits from the U.S., Japan, and Mainland China systems can be directly converted equivalently.

The comparison of credit conversion principles for different systems is summarized in the table below:

System	Taiwan	ECTS	CATS	U.S.	Japan	Mainland China
Credit	1	2	4	1	1	1
	2	4	8	2	2	2
	3	6	12	3	3	3
	4	8	16	4	4	4
